

StarFire

CRYSTAL

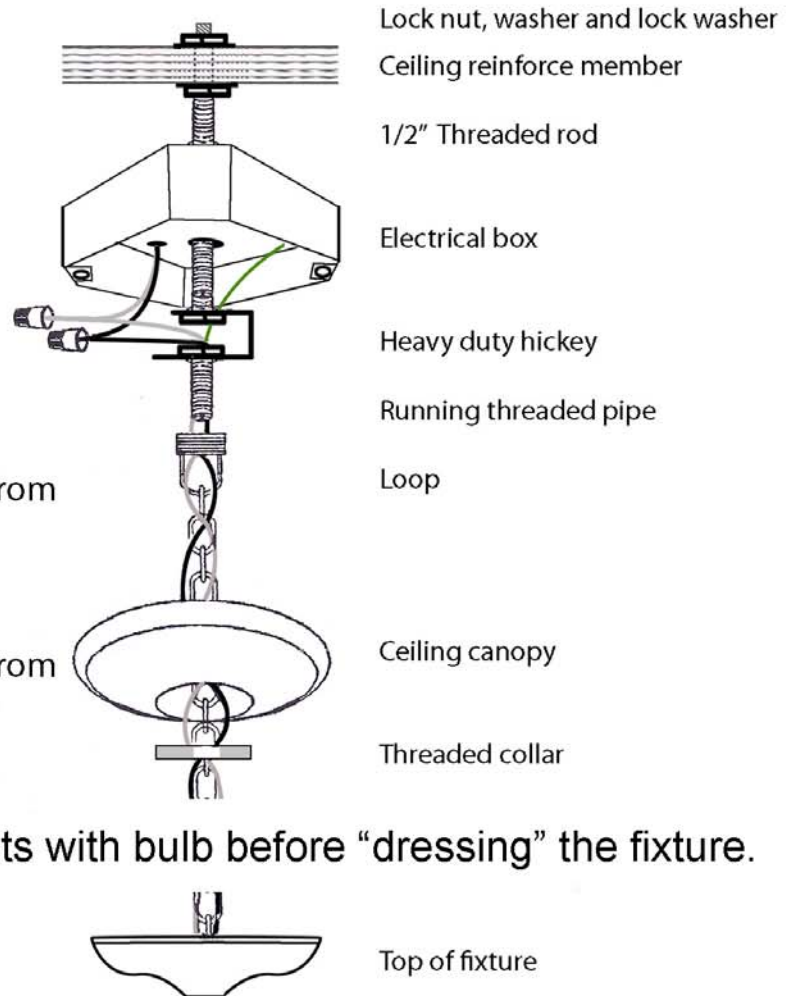

INSTALLATION PROCEDURE for LUMINAIRES OVER 50 lbs.

This product MUST be installed in accordance with the local installation codes by a person familiar with construction and operation of this product and the hazards involved.

Electrical Connection

Black wire from ceiling
(electrical box) attaches to wire from
the fixture that has NO RIDGE.

White wire from the ceiling
(electrical box) attaches to wire from
the fixture which has the RIBBED
SIDE or white identifying tape.

IMPORTANT: Test sockets with bulb before "dressing" the fixture.

Hanging Instructions

1. Drill a 9/16" hole in the ceiling member to allow a 1/2" threaded rod to pass through.
2. Attach the electrical box to the ceiling member and pass the 1/2" threaded rod through the box and secure it to the heavy duty hickey.
3. Pass the fixture wires & ground wire through the loop, collar, centre hole of canopy and the heavy duty hickey.
4. Pull ceiling wires down through the fixture box and make connection.
5. Screw loop only onto nipple leaving the collar and canopy on the fixture chain.
6. Hang the fixture on chain.
7. Secure the canopy with threaded collar.
